

Medicare Eligible?

Here's what you need to know!

1. Your Medicare coverage becomes effective on the first day of the month in which you turn 65.
2. You will receive a Medicare Enrollment Packet from Medicare in the months preceding your 65th birthday. Complete enrollment as soon as possible to avoid any over-lap in coverage. (Saves you money)
3. Select a Medicare Supplement and enroll for an effective date that coincides with your Medicare eligible date.
4. **Please contact us so that we can remove your medical insurance coverage and notify the pension department to stop withdrawal of premiums from your pension check.** (Please notify Tulsa Firefighters Health and Welfare Trust's insurance office at HUB by the 15th of the month preceding your Medicare effective date or your medical premiums will be withdrawn and refunded to you the following month)
